Manuscript format

Format of the presentation and proceeding for the international conference on magnetic applications in dentistry

Ryunosuke Akutagawa¹, Soseki Natsume² and Yukio Mishima³

¹Department of Prosthodontics, Rashomon Dental College

²The First Department of Prosthodontics, Wagahai University

³Kinkakuji Dental Clinic, Kyoto, Japan

I. Introduction

The author should prepare the manuscript following [this manuscript format](#). The secretariat will convert the manuscript to PDF file as faithfully as possible and publish it as a poster on the conference website. g. Details of the manuscript format should follow the guidelines for submission to the Japanese Society of Magnetic Applications in Dentistry (日本磁気歯科学会投稿の手引き). However, figures and tables should be included within the text. After the conference, the proceeding will be published. Then, each presenter must produce the manuscript of the proceeding.

II. Objective

Aims of this paper is to present a format of the conference to authors.

III. Materials and Methods

1 Microsoft Word™ format

A template file is provided in the conference web site. Please download the template file, and complete authors presentation by modification of it. For authors' convenience, several "styles" are defined in the template file shown as Table 1. Authors are preferable to write their manuscripts using these styles.

Table 1. Predefined styles

Style name	Description
Title	Title of the presentation
Authors	Author list
Affiliation	Author's affiliation or organization
Section	Section title with section number
Section (w/o number)	Section title without section number. Ex) References, Acknowledgement
Subsection	Subsection title with section number
Text	Main text
Text (no indentation)	Main text (no indentation)
Caption	Captions of figures and tables

2 Alternative formats

1) PDF

PDF files are also acceptable. It is the author's responsibility to format the manuscript according

to the template. When publishing the proceeding after the conference, please resubmit the manuscript in the format specified by the editorial committee.

2) LibreOffice.org

File formats that can be read by using LibreOffice.org are acceptable. LibreOffice.org is one of a free office suite application. It can be used as substitution of Microsoft Office. The manuscript of the proceedings will be composed by the conference secretariat using this file.

3) Other formats

Please contact to the conference secretariat.

IV. Results

We obtained excellent results.

V. Discussions

Something will happen.

VI. Conclusions

The results presented in this paper indicate that
